Gainesville Daily Sun

VOL. XXIII. NO. 200 GAINESVILLE, FLORIDA, SUNDAY, SEPTEMBER 30, 1906 TEN CENTS A WEEK

WRECKAGE IN WAKE OF FIERCE HURRICANE

As It Swept Along the Gulf Coast.

FLORIDA CITY ROUGHLY USED

Not In More Than a Century Has Pensacola Been Visited by Such a Storm—Feared Definite News Will Show Loss of Life.

New Orleans, Sept. 29.—New Orleans early Friday was still cut off absolutely from points on the gulf coast east of here. For 36 hours no information of any sort had come from towns less than an hour's ride by rail in the direction of Mobile and anxiety regarding the situation in those places became intense. The gulf towns are a summer resort for New Orleans and the members of many families have been separated by the storm. All day Thursday and all of Thursday night the washout on the Louisville and Nashville railroad 25 miles from here marked the farthest point east reached by rail, telegraph or telephone.

For hours after the hurricane had passed the 2-mile portion of the railroad tracks which was submerged by the incoming tide was exposed to the equally dangerous outward flow of the receding high water. Local Louisville and Nashville officials Friday announced all trains cancelled until further notice. Friday morning Lake Ponchartrain had calmed and the high water fallen to very near its normal level.

The first reports from interior Mississippi towns indicated that the hurricane did great damage in its northward progress. Vicksburg and McComb City reported buildings injured and Jackson brokehaven reported damage of 10 per cent to the cotton crop.

Dr. W. N. McGallaird, a passenger on the first New Orleans and Northeastern train which came into the city late Thursday night, said the train was compelled to run slow through the storm, with trees continually falling, some of them threatening to block the tracks in their crash. Unroofed or demolished negro cabins were continually passed. Frequently, he said, lashing of the wind and cracking trees made a roar which drowned out the train's rumble.

Pensacola, Fla., Sept. 29.—The worst sea storm and hurricane that the gulf coast has experienced since the village of Pensacola, on San Rosa island, was swept away, 170 years ago, began Wednesday night and is still raging. Every house in the city has suffered damage. Roofs are blown off, telegraph, telephone and electric light wires are a tangled mass, the water front is strewn with wreckage for miles on either side of the city, and vessels are piled on the wharves, or where the wharves were, in utter ruin.

Big iron steamers, and many larger sailing ships, are now lying high up in the city where the tide has never known to have reached before, and every wharf for miles around has been swept away or is damaged beyond repair.

It is reported that many lives between the city and the navy-yard have been lost, but no definite details can be secured. It is known, however, that many of the houses in that section are now under from 5 to 10 feet of water, and many women have been taken from the second story windows and carried to safety in boats.

There is no street car traffic and communication with the outside world is entirely cut off.

The scenes in parts of the city almost beggar description and the streets are strewn with timbers, tin roofing and broken glass.

The Western Union has men hard at work trying to clear the wires. Telegraphic matter is carried to Flomaton, Ala., by the Western Union manager, who makes the trip by train to ascertain the exact extent of damage done. It is feared great havoc and loss of life will be shown when reports from the entire section along the coast can be gathered. Estimated damage $5,000,000.

Reports from Monticello, Miss., says that considerable damage was done to pine forests near there, hundreds of trees being uprooted. Trees had fallen across the railroad tracks to such an extent as to practically suspend railroad traffic.

The brief dispatches received here indicate that the losses in the interior towns of Mississippi alone will reach hundreds of thousands of dollars. No heavy damages were reported at any one point, but the storm appears to have demolished a few thousand dollars worth of property in every county and town. Vicksburg reported damage to shipping.

In addition to reports to cotton crop losses, passengers on incoming trains tell of widespread damage to timber. Telegraph and telephone wires were so universally damaged that every town yet heard from reported that at some time Thursday it was cut off from communication with the outside world. Verified loss of life thus far is confined to the death of one employe on the New Orleans and Northeastern railroad, who was run down by a train during the storm.

The first news of the havoc wrought by the hurricane on the lower Mississippi river delta was given Friday by J. Ansel, a pilot, who came up from the mouth of the river on the tug Charles Clark. Ansel said he saw the lower river banks strewn with household furniture of fishermen, but that most of these families had escaped from the high water by taking to their lugger-rigged boats. He saw the wreckage of two or three luggers floating down the river, but was unable to learn what became of their occupants.

At the Mississippi river quarantine station, two houseboats used for the quarantine of crews of fruit steamers, were sunk. The crews were taken off in safety.

Louisville, Ky., Sept. 29.—Up to 10 o'clock Friday morning no word has come from Mobile, Ala., which the tropical storm succeeded in isolating from the world, so far as wire and rail communication is concerned, at 2 o'clock Thursday morning. The one wire to Pensacola, Fla., which Thursday afternoon carried news of great damage and rumors of loss of life there, failed Thursday night, and Friday is numbered with the countless other wires out of service. The storm, which appears central over Arkansas and northern Mississippi Friday, has lost some of its force, but it has caused heavy rains in nearly every portion of the central south, and this condition, together with prevailing high winds, has rendered the problem of wire communication generally even worse than Thursday.

One by one the cities which had almost their usual number of wires in working order Thursday, were lost. Telegraphic service was maintained with other southern cities under the greatest difficulties and in most cases by out of the way routes.

Train service throughout lower Alabama, Louisiana and Mississippi is seriously interfered with.

Birmingham, Ala., Sept. 29.—Following Thursday night's terrific wind storm, which prostrated hundreds of wires and did much damage in this section, a tremendous fall of rain occurred Friday morning, flooding the streets, and almost bringing business of all kinds to a standstill. Street car traffic was delayed awhile. All trains entering Birmingham are late. No heavy damage has been reported on any of the railroads in this immediate vicinity as yet, but as the rain continues without any signs of abatement, washouts are expected. There is no wire from here further south than Montgomery, so that no additional details have been received from Mobile and Pensacola. Efforts are being made to hear from these places by the way of Meridian. The storm has done enormous damage to cotton in the fields throughout Alabama and Mississippi.

Will Enforce Labor Law.

New York, Sept. 29.—The amendment to the state labor law prohibiting the employment of children under 16 years of age in any line or calling or business after Friday afternoon will go into effect next Monday. The new law is to be vigorously enforced.

ARMORY IS URGED FOR ATLANTA SOLDIERS

Need of Central Building Has Been Proven.

SUM OF $200,000 WILL BE NEEDED

Mayor Woodward Plans For Erection of City Hall In Connection With the Armory—May Bring the Matter Before Council.

Atlanta, Sep., 29.—The recent trouble in Atlanta, when the military companies were called out, has emphasized more than ever the great need for an armory and large hall in the city. The call for the soldiers was in an emergency when the men were wanted at once in the central part of the city. There was no armory at which the soldiers could assemble and the consequence was that they had to gather in different places and this caused much trouble and delay.

From time to time many of the most prominent citizens have spoken of the urgent need of an armory, and with this has been included a city hall and convention hall.

As early as the summer of 1904, when he was making his campaign for mayor, Hon. James G. Woodward issued a card as one of the platforms on which he based his candidacy and in it he called attention to the great need of an armory for the military and a hall for the city, along with a place where the large conventions could assemble.

Since the experience of the past week both Mayor Woodward and Colonel Clifford L. Anderson have spoken of the urgent need of an armory. Mayor Woodward will doubtless call the attention of the general council to the matter, and Colonel Anderson will take up the matter with him. The colonel was in command of the military in the city and he became aware of the confusion and delay that were incident to the assemblage of the soldiers in different parts of the city.

Mayor Woodward is very emphatic in what he has to say. He believes that now is the time for the city authorities to act. If steps are taken immediately, he states, the work of building a city hall and armory can be started early next year.

Colonel Anderson says that the building of an armory is now an imperative necessity and that a good armory will not only greatly facilitate the military in times of outbreaks, but will aid in upbuilding the companies.

As is too well known, Atlanta has not a hall of any kind in which large conventions can be held. She has no armory at all. When large gatherings come to the city they must either go into one of the old buildings at Piedmont park or use the skating rink at Ponce de Leon. The military companies occupy different quarters, using chiefly the second and third floors over down-town stores.

When spoken to about the movement to build an armory, Mayor Woodward said:

"An armory for the military of the city was one of the planks in the platform when I ran for mayor two years ago. I not only advocated such a building in my public utterances, but I issued a card which I had published and in which I stated that there should be no delay in giving the soldiers a home. They go to a great deal of private expense and are always ready to put their lives in jeopardy for the people in times of serious outbreaks. We have just seen what the military are to a community in times of riot. The police did all they could, but it needed the military companies, 1,000 strong, with their rifles, to restore order. The men responded quickly and willingly, but they had no central hall or armory in which they could assemble. I believed two years ago that the city owed it to the soldiers to furnish them with a home, and now I know that that is a duty we owe to the men who saved our city from what threatened to be a serious race riot only a few days ago.

"It will be well when erecting an armory to build a city hall at the same time. The armory can be connected with the hall, and in the same building we can arrange for a convention hall which will accommodate the large conventions that so frequently assemble here. Atlanta is now one of the recognized convention cities of the country, and we have nowhere to take large bodies unless we use an old exposition building or get the Ponce de Leon skating rink, as we did when Mr. Bryan came here. Now is the time to make a move for a city hall, an auditorium and armory, and especially an armory. The present city administration can start the ball rolling and by the time the matter takes definite shape and the preliminaries are arranged the new city administration will come with a clean slate and amply able to take up the work and carry it on. There will be much preliminary work to do, such as selecting a site, making plans and getting estimates of the cost. Such a building as I have referred to is Atlanta's most crying need, and I believe everybody in the city will favor it. And the sooner the work is started the better."

WRECKERS THROW TRAIN.

Fireman Is Killed and Engineer Badly Scalded.

Columbia, S. C., Sept. 29.—Southern Railway passenger train No. 30, northbound, was derailed at Coosawatchie trestle, 5 miles from Allendale.

Fireman Andrew Kemp, a negro, was killed and Engineer J. F. McDaniel was painfully but not seriously scalded. None of the passengers were injured.

The dead fireman, who lived about two hours after the accident, stated that he noticed a rail had been removed from the trestle just as the engine struck the place of accident.

The engine and three cars left the track completely and turned over at the bottom of a 20-foot embankment.

The day coach, which is of the steel type, was the only car not damaged.

All question of accidental derailing was eliminated by the fact that the missing rails were found near by piled together at the side of the roadbed, with the spikes which had held them to the ties strung alongside.

The scene of the wreck is a lonely spot in the center of a district densely populated by negroes of the most primitive type, who have been in an ugly mood lately as a result of the labor troubles in this state and Georgia.

Many of the passengers believe that the derailing of train No. 30, one of the Southern's finest through expresses, was an act of deliberate revenge, planned and executed by the worst element in the surrounding population. Certainly it is hard to explain on any other theory, for robbery was not attempted and nothing has occurred lately that could have inspired them with any particular feeling against the railway company. Railway detectives are already at work on the case.

Miss Lula Tingard, aged 18, who lives at 1212 Main street, this city, was a passenger. She was bruised and suffered considerably from the shock, but rallied and came on to the city.

Two railway mail clerks, Mr. W. M. Langley and Mr. C. Wimpy, both of Jacksonville, were slightly injured. Both have gone back to Jacksonville.

Sam Milney, a negro porter, was more or less bruised and four or five passengers were a little hurt and very badly scared.

Dogs were sent for to trail the wreckers, who had taken up several rails on the trestle and rolled them to one side, removed angle bars and pulled the rail out.

Will Land Marines.

New York, Sept. 29.—There is to be no cessation of active preparations by the war and navy departments to land marines in troops in Cuba. This was evident Thursday when orders were received from Washington by Captain William H. Reeder, acting commandant at the Brooklyn navy-yard, to prepare a vessel to be used as a transport. The Hancock, which was formerly the Trans-Atlantic liner Arizona, will be prepared for the mission. She was purchased by the United States during the Spanish-American war.

TAFT IS READY TO RULE CUBA

If Crisis Comes Taft Will Declare Himself Governor.

CRISIS IS NEAR AT HAND

Taft Believes Cuban Government Officials Have Been Acting Unfairly and Marines May Land At Once. General Funston Awaiting Orders.

Havana, Sept. 29.—The probabilities of United States intervention in Cuba loom up bigger than at any previous time. In fact, intervention is close at hand, according to the consensus of opinion. Many party leaders, while not willing to begin negotiations with their opponents, submitted a proposition regarding the negotiations which merely proposes that they be broken off when difficulties arise.

Senator Dolz, president of the senate, holds that it is the duty of the moderates to uphold the constitutional authority, but says that if they do not reach an agreement with their opponents American intervention will be forthwith inevitable. He added, however, that the moderates will do everything possible to avoid intervention, even to the extremity of accepting Senator Zayas as president of Cuba and thereafter discussing terms for a final settlement.

This attitude is regarded as only typical of the evasive tactics of the government officials who, in reality, are no more ready to concede the holding of new elections than before.

It now appears that the Cuban congress will have a quorum to consider the resignations of President Palma and Vice President Mendez Capote.

Senator Zayas has summoned a meeting of liberals and independent senators and representatives to take place at his house. Messrs. Taft and Bacon, on leaving the American legation for luncheon Thursday evening, were asked if they considered matters to be in a hopeful condition, to which Mr. Taft replied:

"I do not know. I cannot say."

Brigadier General Funston, who arrived here Thursday on the Olivette, boarded the United States flagship Louisiana Friday morning and conferred with Captain Couden, commander of the naval forces and other naval officers. The general said he was ready for whatever might occur and was simply awaiting orders.

Senator Zayas, leader of the liberal party, was received by Secretary Taft in one room Friday morning, and Senor Montalvo, acting secretary of the interior, who immediately followed Zayas, was received by Assistant Secretary of State Bacon in another room. When Zayas emerged from his conference with the secretary, he said that there was hope of the success of his plan to have Senator Zanguily, independent, elected to succeed President Palma, and that he would return to the legation soon. Senor Montalvo, who left later, refused to talk for publication. The liberals are trying to persuade the moderates to accept either Senator Zanguily, General Menocal, General Agramonte or some other independent or independent liberal. The moderates thus far are unwilling to fully commit themselves.

A detachment of marines has begun preparations to distribute the tents, ammunition and miscellaneous supplies stored on the Caballeria wharf, among the three battalions of marines ready to land here, orders having been received to have everything in readiness for debarkation. The marines will land should the necessary orders be received at the Paula, Machina and Caballeria wharves. Two battalions will occupy Villa Nueva and the other will be stationed at Punta Park, on the sea front.

President Palma is reported by friends who urged him to withdraw his resignation, yet adds his personal plea and disappointment, and is quoted solely on personal grounds, to have replied:

"I have been stabbed on one side. I cannot be stabbed on the other."

TO JAIL WITHOUT BAIL SENTENCE OF COURT

Interesting Hearing in Case of William Thomas.

MANY WITNESSES EXAMINED

A Brilliant Array of Talent Engaged, But Justice Co'man, After Considering Evidence, Ruled that Thomas Must be Deprived of Liberty.

The preliminary trial of William Thomas upon the charge of killing Maxie Scofield at Bell on the afternoon of September 24, which, has caused so much interest in the county since its occurrence, took up the attention of Justice Colman of this district during nearly all of Saturday, with the result that the defendant was remanded to jail without bail to await the action of the grand jury at the fall term of the circuit court of Alachua county, which meets in November.

The history of this case is familiar to all, as the parties connected on both sides are prominent and well known. It may be mentioned, however, to refresh the memory of some who have not kept up with the proceedings, that William Thomas, at the front gate of his home in Bell, shot and killed Maxie Scofield about two o'clock on the afternoon of the 24th inst., the dispute having arisen over the small matter of fourteen crossties. Both men were engaged in the crosstie business at Bell.

In some manner, notwithstanding, it is said, that the teamsters had been cautioned to examine the marks of his ties and the ties of the deceased, a load of fourteen crossties with the mark of Scofield were hauled and placed in Thomas' "pile." This was what really led to the homicide.

Thomas shot Scofield at his (Thomas') own gate, after, it was said by witnesses on the stand, he had invited Thomas to come out and settle the matter. These witnesses, or some of them, testified that Scofield carried a pistol in his right trouser pocket.

Thomas surrendered to Deputy Sheriff Walker at Bell, and was given a preliminary hearing before Justice S. O. Barron, when a number of witnesses were examined. The evidence being considered by Justice Barron of a justifiable nature, Thomas was released, but was rearrested and brought to Gainesville, where there was another arraignment before Justice Colman, Saturday.

There were a large number of witnesses before this court, and the following were examined: L. R. Weeks, Henry Lancaster, Edward Sullivan (colored), Hubert Simmons, Miss Allie Starling, R. Lancaster, H. M. Whitfield, Mack Parrish.

These were all witnesses summoned for the State, and testified about the same. They all stated, with the exception of Miss Starling, that they were present or in the immediate vicinity at the time of the killing, and that they heard the conversation relative to the crossties in question, and had heard Mr. Thomas tell Scofield that the ties had been hauled to his "pile" by mistake, and that he (Thomas) would have them returned immediately after his teams were in harness again.

These witnesses stated that Mr Scofield, the deceased, became quite angry, and that he stood at Thomas' gate and challenged him to come out, "bring his gun and all his shooting utensils," and go home with him, or half way, and they would settle the matter without delay. Witnesses (or some of them) saw a pistol in the right-hand trouser pocket of Scofield, and noted that he kept his hand in this pocket, apparently with a readiness to pull the pistol. All witnesses who were present testified that Thomas remarked, "Go away, Maxie, I don't want to have any trouble with you, for we can settle that in some other way," to which Scofield replied that he would settle it right now. He again warned him to go and get his gun and settle the matter "now and forever." Thomas again remonstrated with him, the witness said, about swearing at his gate, saying: "Maxie, if you have no respect for me, have respect for my wife and children," to which Scofield replied that he wanted satisfaction now. Thomas, after a few moments' argument, went into the house and got his shotgun. He returned to the piazza, when Scofield was still clinging to the fence about five or six feet distant from the front piazza. He showed him the gun, the witnesses declared, with the remark, "Maxie, here it is." Mr. Scofield replied, "I see it," when he attempted to withdraw his hand from his pocket, and Thomas fired. The load of buckshot entered Scofield's head, and he fell back and expired immediately, when Thomas surrendered to the officers.

One witness declared on the stand that on the morning of the murder Mr. Scofield had told him that he would "put Thomas' light out," or would make Thomas kill him before long.

After the examination of witnesses and argument of cousel, Thomas was bound over to the circuit court without bail. The attorneys for the defense, Cols. B. A. Thrasher, Evans Haile and Judge Syd L. Carter, announced that they will institute habeas corpus proceedings in an endeavor to secure the defendant's release on bail.

Attorney J. M. Rivers represented the State in this case.

BAIRD

BOY SHOT AT MICANOPY.

Young Son of Dr. W. C. Johnson Shot While Examining Pistol.

Information comes from Micanopy to the effect that William Johnson, fourteen years of age, and Gus Bobbitt, a companion, were examining or fooling with a pistol Friday afternoon, when the piece was discharged, the ball entering young Johnson's head.

It is a miracle that the lad still lives, as parties who came from Micanopy stated that the ball, a 32-caliber size, passed through his head. While the wound is a painful one and may prove fatal, the lad was resting easily at last account—at least, as easily as could be expected under the circumstances.

Friends of Dr Johnson and the lad sympathize with them over this accident.

Meeting Executive Committee.

The executive committee of the Gainesville and Alachua Co. Hospital Association, comprising B. F. Hampton, chairman, Rev. Thos. P. Hay, Ferdinand Bayer, H. E. Taylor, J. S. Bodiford and Christopher Matheson, held a meeting on Friday afternoon, at which time the committee visited the Odd Fellows' Home, which is being used by the Hospital Association, and inspected the same. Everything was found to be in first class condition, and the management and the matron of the Home, Mrs. Broughton, were complimented very highly on the general system and cleanliness of the surroundings.

Gas Explosion Kills Two.

Cherryvale, Kan., Sept. 29.—An explosion of natural gas here demolished the Edgar zinc smelter, killing two workmen and injuring four others, two of whom will die.

NEWS OF CITY AND COUNTY CONDENSED

Dr. L. R. Weeks of Bell was visiting friends in this city yesterday. He expects soon to return to Tulane University, New Orleans, where he is a student.

J O Beckham of Windsor and W. F. Beckham of Campvil'e were in the city yesterday. The latter made The Sun an agreeable call, renewing his subscription.

A. L. Barrs of High Springs and L. W. Johnson of Lake City were among the visitors to this city Friday. Mr. Johnson owns a large foundry and machine shop in Lake City.

P. I. Howell, for the past few months billing clerk in the office of the Southern Express Company in this city, has resigned that position and has been assigned as messenger between Jacksonville and Newberry.

Mrs. J. B. Douglass and children, Davis, Eloise and Zack, returned yesterday from points in South Carolina, where they have been for nearly three months on a visit to relatives. Friends are delighted to welcome them home again.

Captain W. D. Dickinson has returned from Sutherland, where he went to place his son, Mathew, in the Sutherland Institute. This excellent school is a Methodist institution, and is now probably the largest patronized of any school in the State. The term opened with an enrollment of 250 students, and more are assured. Captain Dickinson was well pleased with the institution, its faculty and system.

Prof. J. H. Owens, the efficient principal of Martha Perry Institute, Rochelle, was among the visitors to this city yesterday. Prof. Owens states that the play, "Little Buckshot," which was given Friday evening for the benefit of the piano fund, was a grand success in every way. The neat sum of $33 30 was realized, which will be applied as a payment on the Institute piano.

Among the prominent visitors to Gainesville are C. W. Morse of Haverhill, Mass., president of the Gainesville Gas and Electric Power Company, and H. L. Crawford of New York, a large stockholder in that company. Mr. Morse is a regular visitor and has many friends here. This is Mr. Crawford's first trip to Gainesville, and he expresses himself as being well pleased with the city and its people so far as he has seen.

Letter to Fagan Bros., Gainesville, Fla.

Dear Sirs:—A pound of good meat and no bone is worth more than a half-pound of meat and a half-pound of bone; but there are, as you say, a great many people who won't pay more than a certain price by the pound. Give 'em bone; that's right; give 'em plenty of bone!

There are people who won't pay more than $1 50 a gallon for paint; give 'em bone!

There's no better school than experience; cost is high, but the lesson is never forgotten.

Let a man paint two houses alike, same size; one Devoe, the other that $1.50 paint. He buys 10 gallons of each and pays $3 a day for labor—$3 a day is $3 a gallon, easier reckoning.

He has to buy 2 gallons more of the $1.50 paint; and has two gallons left of Devoe: 12 gallons $1.50, $18; 8 gallons $1 75, $14; $4 more for "cheap" paint.

He pays $3 a gallon for painting: 8 gallons $24; 12 gallons $36; $12 more for painting "cheap" paint.

He'll buy the less-gallons paint after that. If people are slow to learn, it's because they keep-on buying bone-meat. Give 'em plenty of bone.

Yours truly,
F. W. Devoe & Co.

P. S.: The S. J. Thomas Co. sell our paint.

Good For Evil.

There are some people who turn gray, but do not grow hoary; whose faces are furrowed, but not wrinkled; whose hearts are sore wounded in many places, but are not dead. There is a youth that bids defiance to old age, and there is a kindness which laughs at the world's usage. These are they who have returned good for evil. Whom the gods love die young, and they die young because they never grow old.

True Education.

The first, last and closest trial question to any living creature is, "What do you like?" and the entire object of true education is to make people not merely do the right things, but enjoy the right things.—John Ruskin.

Your Hair Contrary?

Is it inclined to run away? Don't punish it with a cruel brush and comb! Feed it, nourish it, save it with Ayer's Hair Vigor, new improved formula. Then your hair will remain at home, on your head, just where it belongs. An elegant dressing.

Does not chain or change the color of the hair.

J. C. Ayer Co., Lowell, Mass.

You will gain time and save money

If you send us $3.00 for your annual subscription to THE SUN and one of these splendid time keepers

THE SUN is published weekly and reaches its subscribers every Saturday.

You need THE SUN if you are at all interested in Florida events and Florida progress.

The subscription rate is $2 00 per year.

Send in your subscription of $2 00, plus $1 00, between NOW and NOVEMBER 1, 1906, and you will receive a watch like the cut printed in this advertisement, and 52 visits from THE SUN.

The watch is not the usual $1.00 class of watch that is on the market. It is made by the Knickerbocker Watch Co., is highly polished, handsomely figured, and heavy nickle-plated.

It is stem-wind and stem-set and is guaranteed for one year; it keeps perfect time, and is sold by dealers everywhere for $2.50.

School girls, school boys, school marms and male pedagogues ALL NEED THESE WATCHES.

Business men, lawyers and doctors, sailormen and cooks, ALL NEED THESE WATCHES.

In short, everybody wants this watch, just like everybody needs THE SUN.

For the Watch without THE SUN.....$2.50
For THE SUN without the Watch.....$2.00
FOR BOTH, $3.00

Provided you order before November 1, 1906. Better do it today.

All orders received before Nov. 1 will secure, in addition, two artistic wood cuts suitable for framing.

THE SUN, Tallahassee, Fla.

Figure it out for yourself:
THE SUN and this HANDSOME WATCH

FOR LESS THAN 6 CENTS A WEEK

Every School Child in the State can easily secure three subscribers to THE SUN. We will give one of these Watches to every child who sends us three new subscribers, accompanied by $6, or three renewals, accompanied by $6. The Watch will be sent by return mail.

THE UNIVERSITY HIGH SCHOOL WILL OPEN MONDAY MORNING

Prospects Are Brighter Than For Several Years.

A MEETING OF TEACHERS

Was Held Saturday Morning, When All Arrangements Were Completed For the Opening of the School—Great Enthusiasm Was Manifested

An interesting teachers' meeting of the University High School faculty was held Saturday morning at the principal's office, in which the work of the year was discussed and general plans for the coming session made out.

The meeting was a most pleasant and harmonious one, and from expressions gathered by the reporter from both parties, the principal and his faculty seem to be mutually pleased with each other. This is as it should be, and The Sun ventures to predict that the coming session will be one of the most successful and satisfactory in the entire history of the school.

The following is the assignment of teachers for the present session: First grade, Miss Mabel Sanchez and Miss Maud Lewis; second grade, Miss Florence Balis; third grade, Miss Annie DaCosta; fourth grade, Miss Cylla Kennedy; fifth grade, to be filled; sixth grade, Miss Serena Shannon; seventh grade, Mrs. W. S. Cawthon; eighth grade, Mrs. W. P. Coffey; High School, Miss Mary E. Trotter and Miss Gussie Miller.

Of the teachers of last year retained on the faculty nothing need be said. They have proved their ability and their interest in the children and the school, and The Sun desires to congratulate the community upon the fact that they have been retained. The new teachers all come highly recommended and are ladies of refinement, culture and successful experience.

The session of 1906-7 will start out under favorable auspices. With the proper interest, encouragement and co-operation on the part of the patrons, we may confidently look forward to a prosperous and successful year for our school. Gainesville ought to have the best high school in the State, and we see no reason why it should not now soon do so.

We call attention to some important announcements with regard to the opening session tomorrow in another column.

Congressman Clark at Home.

Hon. Frank Clark returned Saturday from Fort Pierce, on the East Coast, where he has been for the past ten days on an important murder case in which he was employed. Friends here are glad to greet him again. Col. Clark was down on the program for an address of welcome at the opening exercises of the University of Florida, and regretted that he was unable to be present

CARD FROM PROF. McBEATH.

Issues Letter Regarding the Opening of School Monday Morning.

To the Patrons of the University High School:

The school will open Monday, October 1, at 9 o'clock a. m. Your careful attention is respectfully invited to the following important announcements for the opening session:

1. Chapel exercises for the opening morning will begin promptly at 9 o'clock. There will be addresses by the County Superintendent and members of the Board of Trustees and others.

2. A cordial invitation is extended to the patrons of the school to be present, and it is earnestly hoped all who can make it convenient to do so will accept. Their presence would be taken as an expression of interest and would be a help and a source of gratification, both to teachers and pupils.

3. As the day will be given over entirely to organization, and as the session will not last longer than noon, pupils are requested not to bring either books or lunches. The work of the morning will consist of assigning the pupils to proper classes, furnishing them with lists of necessary books, announcement of lessons for Tuesday, and other preliminary matters.

4. Pupils of last session are requested to bring their graduation cards in order that they may be assigned without delay or the necessity of undergoing examination. Parents will please see to this matter, as a favor both to the children and to the teachers.

5. Parents are urged to start their children in promptly Monday morning, as the first day of school is one of the most important of the whole session. It is desired to complete the organization Monday so as to take up, Tuesday morning, promptly the regular work of each grade.

Trusting that we will have a full attendance both of pupils and patrons to give the session a good "send off," I remain, Sincerely yours,

TOM F. McBEATH, Principal.

P. S: All children above the first grade are requested to bring tablet and pencil tomorrow morning.

BOARD NAMES THE HALLS.

Big University Buildings Will Be Known As Thomas and Buckman Halls.

Dr. Andrew Sledd, president of the University, announced at the close of exercises on Thursday afternoon that the State Board of Education had established a scholarship to be known as "The Trustee Scholarship;" the faculty have established a scholarship to be known as the "Faculty Scholarship," and the Gainesville Board of Trade had established a scholarship known as the "Gainesville Scholarship." Each of these scholarships are valued at $100.

The Board of Control has named the two buildings of the University "Thomas Hall" and "Buckman Hall."

The students have settled down to business, and will help to make the present year one of the most successful to be recorded in the University.

Approaching Nuptials.

Mr. and Mrs. Tam H. Cato of Alachua have issued invitations to the marriage of their daughter, Miss Lela, to Arthur B. Brown of Ft. Pierce, Indian River, which will occur at the First Baptist Church in Alachua, Monday evening, October 8, 1906. Mr. Brown was for some time connected with the jewelry house of H. C. Stevens at High Springs, and made himself quite popular there. He now holds a responsible position on The Fort Pierce News.

The bride is one of Alachua county's most popular young ladies, and a favorite with all who have the pleasure to know her.

A Delightful Affair.

Miss Mamie Wilcox tendered a reception to the A. P. O. fraternity of the University of Florida in their chapter room in the Miller Law Exchange Saturday afternoon, from 3 to 6 o'clock.

There were were about sixteen present, and the party was chaperoned by Mesdames Wilcox and Greives.

Welsh rarebit in chafing dish, pickles and crackers were served. It is needless to add that the afternoon was delightfully spent, and the friends of Miss Wilcox are under many obligations to her.

AT THE CHURCHES TODAY.

Rev. S. B. Rogers at Baptist—Union Service at Presbyterian.

Services will be held today as follows:

First Baptist Church, Rev. S. B. Rogers—Sunday school at 9:30 a. m. Morning service at 10:30, conducted by by pastor; subject of sermon, "Human Hands." Notice of societies will be announced at this service. No evening service.

Kavanaugh Methodist Church, Rev. T. J. Nixon—Sunday school at 9:30 a. m. Preaching at 10:30 a. m.; subject, "Serving the Lord in All Things." Junior League at 3 p. m. Senior League at 4 p. m.; topic, "The Call of the City." There will be no evening service on account of the union meeting at the Presbyterian at 7:30 o'clock, when Dr. Andrew Sledd will preach.

First Presbyterian Church, Rev. Thos. P. Hay—10:30 a. m., morning service. 4 p. m., Sabbath school; lesson topic, "Temperance Lesson." 7:30 p. m., union service; sermon by Dr. Andrew Sledd.

Death of Mr. Lewis.

Mr. and Mrs. F. C. Reinhardt left Saturday for Wade, having been summoned on account of the death of Mrs. Reinhardt's father, Mr. S. P. Lewis, which occurred Friday afternoon.

Deceased was eighty-seven years of age, and was well known throughout the West End. He was a native of Alabama, but has been in Florida several years.

The funeral was held Saturday afternoon; the interment was in Forest Grove cemetery.

Friends of Mrs. Reinhardt sympathize with her in this sad bereavement.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair with irritants or oils on which a parasitic germ will prosper is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co. Detroit, Mich.

OLD SORES OFTEN LEAD TO CANCER

Whenever a sore or ulcer does not heal and shows signs of becoming chronic, it should arouse suspicion, because many of these places lead to Cancer. It may appear as an ordinary sore at first, and is given treatment as such, with some simple salve, wash or plaster, with the hope that the place will heal, but the real seat of the trouble is in the blood and cannot be reached by external remedies, and soon the sore will return. After awhile the deadly poison begins to eat into the surrounding flesh and the ulcer spreads rapidly, becoming more offensive and alarming until at last the sufferer finds he is afflicted with Cancer. Cancerous ulcers often start from a boil, wart, mole or pimple, which has been bruised or roughly handled, showing that the taint is in the blood, perhaps inherited. Another cause for non healing ulcers and sores is the remains of some constitutional disease or the effects of a long spell of sickness. S. S. S. goes down to the very root of the trouble and cures so thoroughly that there is never any sign of the trouble in after years. As soon as the system gets under the influence of S. S. S. the place begins to improve, the discharge gradually grows less, the inflammation leaves, the flesh resumes its healthy color, and soon the sore is well, because every vestige of the cause has been removed from the blood. Book on sores and ulcers and medical advice without charge.

> I was suffering greatly from a cancerous ulcer on my left breast, which had begun to eat, and at times would discharge very offensive matter. I knew the trouble was hereditary, as an only sister, my mother and two of her sisters died of Cancer. I am fully satisfied I would have gone the same way but for S. S. S., which cured me.

Sentiment in favor of municipal ownership of the gas and electric light plants is steadily growing in Atlanta, as it is in nearly every Southern municipality.

Major Alexander St. Clair-Abrams claims that Governor Broward is not an honorable man. The Major should not be so personal. Abuse and radicalism never did any cause good.

Many of the heretofore staunch Democratic newspapers of New York State have boited the Hearst nomination and are advocating the election of Hughes, the Republican candidate.

We are in receipt of The Hustler, a weekly paper published at Wildwood by S. A. Fackler. The editor is well known in Florida newspaper circles and has the best wishes of the entire press for the success of his venture.

The Palm Beach News now has the most beautiful heading of any Florida newspaper. The first page of the issue of September 28th was especially attractive with the new heading and a fine half-tone cut of the palatial winter home of George B. Cluett of Troy, N. Y.

The Board of Control paid a just tribute in naming the two dormitories of the State University, designating the one to the west "Thomas Hall," in honor of Major W. R. Thomas, the leader in the campaign for the location of the University at Gainesville, and the one to the east "Buckman Hall," in honor of Senator Buckman, author of the new school law.

Ex-Governor Jennings has caused the arrest of Alfred St. Clair-Abrams, editor of The Tavares Herald, and A. K. Taylor, the cartoonist, on the charge of criminal libel. Mr. Abrams made serious charges against the ex-Governor and published a cartoon illustrative of the article. It is claimed that Mr. Taylor drew the cartoon. The warrant was served in Jacksonville, where the trial will occur.

SERMONETTES

Make yourself worth while.

God makes the sunshine; we make the clouds.

Truth cannot be afraid of being questioned.

Justice is the measure of absolute compensation.

Quit quarreling with fate. Dominate your circumstances.

Existence is one great drama; but you have the choice to see what you wish.

If you would hold in abeyance the waves on the sea of time, hold to the inspirations of your youth.

It is a mighty hope that makes men. And they are brightest when like stars they break through the rifting clouds of fear.

There are gold burdened children done by as we would not treat the horse. Forever haltered in the stall—a life without work, and full of provender and drink.

Children lavish their affections on dolls. How natural it is that we grown folks turn to images of flesh. There's an inexpressible pathos about that person for whom no one seems to care in particular.

True, you are but one small star in the depths of a stellar waste. And yet to go at a tangent means wreck and ruin. To move in your appointed sphere adds your needful part to swell the harmony that is called "the music of the spheres." No star so small but its designated movement enlarges the beauty of a starlit night; no star so small but its erratic motion would jar a universe.

A hunter in the Alleghanies one day shot a large bald eagle. The bird measured seven feet, two inches, from tip to tip. When the sportsman went to examine his prize he was astonished to find one of the eagle's claws held firmly in a powerful steel trap, to which was attached a chain five feet long. The trap and chain had many marks of vicious blows from the eagle's beak, showing how he had vainly tried to free himself. While they had not been heavy enough to prevent his flying, the hunter believed that they so impeded and worried him as to be the cause of bringing the great bird within range of his rifle. Many a man with brain, imagination and heart capable of high flight, has been brought within range of the enemy by some secret passion that held him from his place among the stars.

England has a tradition that in the far-away age of chivalry, when Bernard started his crusade, an English soldier boy went forth to rescue the Savior's tomb. Years afterward he returned, without gold, without jewels, clothed in rags, emaciated, wounded and dying. But from the far-away land, wrapped in his little wallet, he brought a few seeds that he had taken from a flaming flower. "It's all that I have brought back," whispered the dying soldier boy to his mother. Hiding her tears, his mother told him he had given her no pain, but only pride and joy. When she buried her soldier boy she planted the seeds upon his grave. Springing up, the little plant burst into scarlet bloom. Spreading from that little garden, the bright flowers traveled over Devonshire, and so were carried into all the gardens of the British Isles, and came with our Pilgrim Fathers to this far-off land. O, beautiful story—the story of the geranium and the rose!

The "Clansman" is being tabooed in many cities on the ground that the performance excites race prejudice.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & Co., Toledo, Ohio.

Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

Grand Rapids, Mich., is the furniture center of the world. It picks its lumber from every forest and sends it out all over the United States and to Europe, South America, Africa and Australia, in the shape of beds, tables, chairs and office furniture. There are at this writing lumber camps in Mexico and Central America chopping out mahogany for these factories, agents are stationed at Liverpool to buy up the best timber brought in from South America and Africa for Grand Rapids, and there is scarcely a hardwood section noted for its fine lumber which is not tributary to this point. Grand Rapids has 532 factories, employing over 20,000 hands, with a daily pay-roll of over $50,000. The most of the factories are devoted to furniture, and some of them are enormous.

The United States has been compelled to intervene in the affairs of Cuba and Secretary of War Taft has proclaimed himself provisional Governor. It is doubtful if the Cubans will ever again have a stable government and that the United States will have to annex the island.

The Times-Union says Fred Stafford, sentenced from the circuit court of Lake county, to fifteen years in the convict camps on the charge of burglary, on Wednesday last, escaped from the Blue Creek camp, located at Thelma, Fla., and nothing has been seen or heard from him to date.

The two H's, Hearst and Hughes, will be the center of attraction on the political stage for the next five weeks, during which time New York will experience a red-hot campaign. There will be millions of money spent by both sides and the political heelers will be in their glory.

The storm which struck Pensacola on Friday was the worst the city has experienced in its history. The damage is estimated at five million dollars, and several lives are reported to have been lost.

There are but four days in the year when the sun and clock exactly correspond. In other words, there are but four days of the 365 in which the sun is directly south at noon.

Well Worth Trying.

W. H. Brown, the popular pension attorney of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for headache, constipation, and billiousness. 25c. guaranteed at all drug stores.

BAD BREATH

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. therefore let you know that I shall recommend them to any one suffering from such troubles." TROUBLE IS APPREHENDED.

Strikers and Sympathizers Hold Meeting in East Macon.

Macon, Ga., Sept. 29.—Following the arrest of Car Starter Tom Williamson, on a charge of carrying concealed weapons, a counter charge was preferred against Deputy Sheriff Plunkett by officials of the company and both men were placed under bond.

Immediately upon the heel of this, a mass meeting of strike sympathizers was held in East Macon, where several speeches were made, stirring up great interest.

Alderman Jesse Hart, County Treasurer S. A. Crump, and others did the talking, and, while good advice was given, serious trouble is apprehended.

Chief of Police Conner has nearly every man on all three reliefs of the police department on duty and an effort will be made to preserve order.

The cars were ordered placed on the East Macon line Thursday night and a schedule has been maintained.

Sheriff Robertson also has a large force of deputies guarding the property of the company outside the city limits. At a meeting of directors, with other prominent persons, the matter was discussed. No statement was made as to what happened, or what determination resulted, but the whole affair has centered around the present excitement, and the meeting of the strike sympathizers.

About 25 strike breakers were brought in Thursday night over the Southern railway from distant cities by the street car officials, and they have been given quarters in order to be ready for the duties which may be assigned at a later date.

There has been no disorder. Hundreds of union labor sympathizers are again parading the streets with detachments of police following closely after them.

The East Macon meeting broke up with order, and the immense crowd attending came across the river into the principal streets.

WAS A VERY SICK BOY

But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy we brought him out all right," says Maggie Hickox of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale by all druggists.

To Form Military Company.

Sandersville, Ga., Sept. 29.—On account of the recent trouble in Atlanta, citizens here thought it wise to take some steps looking to the better protection of our little city in the event of riot, or other disturbances, and to this end all the young men in town were enrolled with the view of organizing another military company for Washington county. Some 60 or 70 names were put on the list, and the steps necessary to the organization of the new company has been taken. Mayor Cheatham is behind the movement and there is no doubt the work of organization will be pushed through.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

General Stoessel to Resign.

St. Petersburg, Sept. 29.—It was announced Thursday that General Stoessel has submitted his resignation from the army. It is understood it will be accepted, thereby ending the history of the surrender of the fortress without the indescribable disclosures which would result from a regular courtmartial. The general's resignation is said to have been due to the initiative of the emperor.

Cotton Firms Sue Railroad.

Columbus, Ga., Sept. 29.—After hearing argument for two days in two cases which involve about $120,000, Judge William A. Little has taken the papers, and will give them careful consideration, reserving his decision for the present. The cases are those of Inman, Akers & Inman versus the Central of Georgia Railway company, and Inman & Co. versus the same company. The suits grow out of a very destructive cotton fire in Columbus on Nov. 16 last, when a large quantity of cotton that was dumped by the Central of Georgia railway near the Atlantic compress on open grounds, was burned. Judge Little heard argument on the demurrers, and also on the question of amending the petitions. Argument on other questions in the case was deferred until Oct. 19.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

Received by Pope.

Rome, Sept. 29.—The pope Friday received 50 American sailors from the warships now at Naples. The party, which were conducted to Rome by Chaplain McGinty, of the armored cruiser West Virginia, was presented to the pontiff by Mgr. Kennedy, rector of the American college here. The pope gave each of the men his hand to kiss and delivered a short address.

Glacier's Crew to Be Treated.

Washington, Sept. 29.—Orders have been issued by the navy department for the refrigerating ship Glacier, now enroute from Suez to Port Said, to proceed to Joppa, in order to give the members of the crew an opportunity to visit the Holy Land, because of their arduous experience in conducting the dry dock Dewey to the Philippines.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 82 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Seaboard Parlor Cars.

The Seaboard Air Line operates buffet parlor cars between Waldo and Tampa on train leaving Waldo that connects with the morning train from Gainesville.

BANDITS SWOOP DOWN ON TOWN

They Place All Officials of the Place In Jail.

Eagle Pass, Tex., Sept. 29.—A telephone message received here from Jeminez, 30 miles up the Rio Grande river, state that 40 armed men raided the town, placed the mayor, chief of police and other officials in jail and are now in control. The telephone wires were cut before the message was sent out. Government troops are hastening to Jeminez.

Advices of a battle are expected at Eagle Pass any hour. Diaz, across the river from Eagle Pass, is quiet.

Battle at Victoria.

Houston, Tex., Sept. 29.—A courier just arrived says that the revolutionists and a force from Ciudad Porfirio Diaz clashed at Victoria, about 5 miles south of Jeminez, that one ranger was killed and that the revolutionists left several dead. They scattered and are being pursued by Mexican troops. Jeminez is now in possession of the latter. The affair is regarded here as possessing but little of a revolutionary or political character.

Trouble Feared at Dothan.

Birmingham, Ala., Sept. 29.—A special to the News from Dothan says: Dothan has been terrorized for weeks, houses entered, assaults attempted and thefts committed by negroes. The whites retaliated by dynamiting negro houses and conditions came near resulting as they were in Atlanta recently. An important catch was made early Friday during the heavy storm. After entering five houses, officers captured a negro who fought like a demon, but once safely chained in jail he confessed all and officers are searching for his confederates. Excitement runs high and a lynching is predicted before night, but the cooler heads are pleading for the law to take its course. The situation is very ominous.

JAP SEAL RAIDERS KILLED.

Several More Raids Made by Japanese Schooners.

Victoria, B. C., Sept. 29.—The sealing schooner City of San Diego, first of the fleet from Behring Sea to reach port, arrived Thursday night, bringing news of several more raids made by Japanese sealing schooners armed with quick-firing guns on Cooper and Behring islands. Those rookeries are leased by an American company from the Russian government, which has guards on the islands.

Hunters of Japanese schooners which boarded the City of San Diego in Behring Sea, reported that a number of Japanese schooners had made raids at Cooper Island, two being armed with gatling guns, with which they bombarded the huts of the guards on the island before landing. During the past summer it was estimated that at least 20 Japanese were killed and none know how many Russians have been shot.

The captain of one of the Japanese schooners was among the killed, having been shot through the head by the rookery guards. The city of San Diego reported seeing about 25 Japanese schooners in Behring Sea. They were clustered close about the islands and shooting right and left, consequently the Victoria schooners were obliged to remain 60 miles outside the island and had a poor season.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

Will Petition For Peace.

New York, Sept. 29.—Ivan Ivanovitch Norodny, head of the Russian liberal party, who arrived Thursday, explained what his secret mission here was. "I was sent here," he said, "by the Russian military party to represent 150,000,000 people in an appeal to the world for a petition to the czar asking for peace and a new form of government." M. Norodny said his people look to the United States for a large share of assistance in this movement.

General Robert E. Lee

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest liniment. Quickly cures all pains It is within the reach of all. T. H. Pointer, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent liniment for rheumatic pains. I am never without it." Sold by W. M. Johnson.

How to Arrive.

Man has to be humbugged if one would command him, and he has no use for the humble person. The way to get into a publisher's or editor's office (or indeed any other with a man at the head of it) is with a tremendous show of bounce and swagger.—A Spinster in M. A. P.

Dog Days and Rabies.

There is not the remotest connection between dog days and rabies; indeed, the records show that the fewest cases of rabies occur in July and August. There are more cases in April, November and December than in any other months.—Springfield Union.

MOZLEY'S LEMON ELIXIR.

Is not a new and untried remedy. More than ½ of a Century attests its wonderful curative and health-giving properties, and serves to show that it has no equal as a cure for Constipation, Biliousness, Indigestion, Sick-Headache, and all other ills arising from a

TORPID LIVER.

Being strictly a vegetable compound, it has no harmful or even unpleasant effects. Its action is gentle but none the less thorough—cleansing the stomach and bowels of all impurities, and toning up the entire system to a healthy condition—leaving the person feeling good, because every organ is made to perform its part perfectly.

50C. AND $1.00 A BOTTLE. ALL DRUG STORES.
"One Dose Convinces."

Killed Parents and Is Hanged.

Sacramento, Cal., Sept. 29.—Adolf Weber, who murdered his parents, setting fire to the house afterwards, was hanged here Thursday. Weber went to the scaffold with a firm step, and to the very last maintained the nerve that has characterized him as one of the most remarkable criminals of the century. The crime for which Weber paid the penalty was committed Nov. 10, 1904, at Auburn, Placer county. Fire was discovered in the residence of Julius Weber, a wealthy retired merchant. Inside the burning building were found the dead bodies of Mrs. Julius Weber, her daughter Bertha and little son Earl. Two days later the body of Julius Weber was found. Mrs. Weber and Bertha had been shot. Earl had been beaten to death.

Chamberlain's Cough Remedy Acts on Nature's Plan.

The most successful medicines are those that aid nature. Chamberlain's Cough Remedy acts on this plan. Take it when you have a cold and it will allay the cough, relieve the lungs, aid expectoration, open the secretions and aid nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. Price 25 cents. Large size, 50 cents. For sale by all druggists.

Negro Exile Located.

New York, Sept. 29.—In response to telegrams from prominent negro church workers of this city, it has been learned the Rev. W. J. White, editor of the Georgia Baptist of Augusta, Ga., who has been exiled from that city on account of the race trouble, is to make his home in this city. He will be elected pastor of a negro church here. He was prominent in organizing the "equal rights league."

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson.

Severed Head In the Hudson.

New York, Sept. 29.—Arma Tashjian, the Bohemian who was arrested and charged with the murder of his brother, Marker Markarian, confessed to the police that he killed his brother. He said that he threw his brother's head into the Hudson river Tashjian said to Police Inspector McLaughlin that he killed his brother because he was the "meanest and stingiest fellow" he ever saw.

"To Cure a Felon"

Says Sam Kendall, of Philipsburg, Kan., "just cover it over with Bucklen's Arnica Salve and the salve will do the rest." Quickest cure for burns, boils, sores, scalds, wounds, piles, eczema, salt rheum, chapped hands, sore feet and sore eyes. Only 25c at all drug stores. Guaranteed.

TENNYSON'S MOODS.

Eccentric Manner In Which the Poet Received Some Visitors.

It was an eccentric reception that Sir Henry Rosco was given when he visited Lord Tennyson. The former had been unwilling to intrude on the poet, but consented to accompany a friend, William Summers, who had a note of introduction from Sir Lewis Morris. They found Tennyson at lunch. Sir Henry writes of it: "Tennyson at once asked me to sit by him, while Mr. Summers was held in conversation at the other side of the room by Lady Tennyson. The old man began with the words, 'Your name has been before me at every meal,' at which I expressed great astonishment, not thinking that he had ever heard of me.

"And thereupon he produced a small vial containing saccharin, on the outside of which was an advertisement containing a few lines of some appreciatory remarks respecting saccharin which I had made in a lecture at the Royal institute. This notice I had never seen, and on my return home I wrote to the proprietors requesting them to stop issuing such notices, as I could not have my name used for advertising purposes, and this they did.

"In a few minutes, without further conversation, Tennyson rose and said: 'Well, I must bid you goodby, for I must now lie down. I am going to smoke a cigar and go to sleep.' Upon which he walked out of the room, giving a distant nod to my disconsolate friend, Will Summers, who had come on purpose to interview the poet, but with whom he had not exchanged a single word."

MATCHES ON MAIL BOXES.

The Scratcher May Afterward Get a Light on Prison Bars.

Mr. Smoker, see to it that your Uncle Samuel doesn't catch you striking a match on one of his mail boxes. He'll surely make trouble for you if he can prove that a certain scratch on the metal of one of those gray boxes on the corners was made by your drawing the tip of a lucifer across it.

That's about what the mail carrier told the fellow who is handing you this advice. It was given just after the adviser had stopped, feeling "smoky" after coming out of an office where they wouldn't let him puff the stogie he had in his pocket, to scratch a match on the mail box. He was rather surprised when the mail carrier, coming up to unlock the box, said:

"Don't do that!"

"Why not?" he queried. "I've been doing it for years. It doesn't hurt the box. Other fellows and myself have scratched matches on the top of this mail box for years, and there is only a little worn patch on the metal to show for it."

"Well, go ahead if you want to," sighed the mail carrier. "But remember that, if the inspector sees you, up you go on a charge of defacing government property. And you know that if the inspector ever gets you it's you for scratching matches on the prison bars for a day or so. By-by."—Detroit News.

Trees.

Authorities on forestry say that seventy-five years are required for the oak to reach maturity; for the ash, larch and elm, about the same length of time; for the spruce and fir, about eighty years. After this time their growth remains stationary for some years, and then decay begins. There are, however, some exceptions to this, for oaks are still living which are known to be 1,000 years old.

Possibilities.

"But," protested the first dear girl, "I haven't got the face to ask a favor of him."

"Well," rejoined dear girl No. 2, "you might visit a complexion specialist and have your face remodeled."—Chicago News.

If It's a Reputation

You are after, White's Cream Vermifuge has a world-wide reputation as the best of all worm destroyers and for its tonic influence on weak and unthrifty children. It improves their digestion and assimilation of their food, strengthens their nervous system and restores them to health and vigor natural to a child. If you want a healthy, happy child, get a bottle of White's Cream Vermifuge. Sold by W. M. Johnson.

Baby won't cry if you give Him BALLARD'S HOREHOUND SYRUP.

Pleasant to take, rapid results. Contains nothing injurious.

CURES COUGHS, COLDS, CROUP, SORE THROAT, WHOOPING COUGH AND ALL PULMONARY DISEASES.

Mrs. J. C. Jenkins, Denver, Colo., writes; "I can't say enough for Ballard's Horehound Syrup. It has cured my baby of the croup and my children of severe Coughs. I know no better medicine."

25c, 50c and $1.00

Ballard Snow Liniment Co.
ST. LOUIS, MO.

Sold and Recommended by W. M. JOHNSON, Gainesville.

And She Went Quickly.

"Mamma has just gone across the street, ma'am," said the demure little six-year-old to the caller.

"Did she say when she'd be back?" asked the lady.

"Yes'm"—as demurely as before—"just as soon as you had gone, ma'am."

A Fine Art.

Zabzin—How's this for a neat little work of art? It's worth over $10, but I managed to get it for $1. Jabzin—Where's the art in it? Zabzin—In getting it for $1, of course.

What men prize most is a privilege, even if it be that of chief mourner at a funeral.—Lowell.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by W. M. Johnson.

Summer Excursion Rates Via Atlantic Coast Line.

Summer excursion rates to all summer excursion points are now on sale via the Atlantic Coast Line. No trouble to answer questions. For rates, reservations, or any information, communicate with Frank C. Boylston, District Passenger Agent, Jacksonville, Florida.

THE SCENT OF SICKNESS.

Most Diseases, It Is Claimed, Have Their Characteristic Odors.

The acuteness of the sense of smell is far greater in many of the lower animals—dogs, for example—than in man, and they employ it in guiding them to their food, in warning them of approaching danger and for other purposes. The sphere of the susceptibility to various odors is more uniform and extended in man, and the sense of smell is capable of great cultivation. Like the other special senses, it may be cultivated by attention and practice. Experts can discriminate qualities of wines, liquors, drugs, etc. Diseases have their characteristic odors.

Persons who have visited many different asylums for the insane recognize the same familiar odor of the insane. It is not insane asylums alone, but prisons, jails, workhouses, armies in camp, churches, schools and nearly every household that have characteristic odors. It is when the insane, the prisoners and the soldiers are aggregated in large groups or battalions that their characteristic odor is recognized. Most diseases have their characteristic odors, and by the exercise of the sense of smell they could be utilized in different diagnoses.

For example, favus has a mousy odor, rheumatism has a copious sour smelling, acid sweat. A person afflicted with pyaemia has a sweet, nauseating breath. The rank, unbearable odor of pus from the middle ear tells the tale of the decay of osseous tissue. In scurvy the odor is putrid, in chronic peritonitis musky, in scrofula like stale beer, in intermittent fever like fresh baked brown bread, in fever ammoniacal, in hysteria like violets or pineapple. Measles, diphtheria, typhoid fever, epilepsy, phthisis, etc., have characteristic odors.—Philadelphia Record.

Pain From a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to diappoint." For sale by all druggists.

The Wearing of Hats.

More or less of a modern habit is the constant wearing of hats. Even as late as 1759 Horace Walpole mentions as a matter of course that he never wears a hat. "Remember," he says, writing to a friend notoriously careless about his dress, who was expected home from Holland, "everybody that comes from abroad is supposed to come from France, and whatever they wear at their first reappearance immediately grows the fashion. Now if, as is very likely, you should through inadvertence change hats with the master of a Dutch smack in a week's time we shall all be equipped like Dutch skippers. You see, I speak very disinterestedly, for, as I never wear a hat myself, it is indifferent to me what sort of a hat I don't wear."

Men Past Sixty In Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

The Word "Privilege."

"Privilege," seen so often of late in the phrase "special privilege," has been used commonly to signify a right, immunity or benefit enjoyed by a person beyond the common advantages of other individuals. Primarily, however, the word signifies an ordinance in favor of an individual, and this is in keeping with its derivation—"privus," one's own, private, and "lex," law. It is in this old sense that Chaucer uses the word.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

AN ORDINANCE

To Amend Section 10 of the Charter Provisions of the City of Gainesville, Florida, the Same Being Contained in Chapter 5497 of an Act of the Legislature of the State of Florida, entitled: "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation organized and existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved May 9th, 1905; and to Provide for the Calling of a Special Election for the Purpose of Submitting Said Ordinance to the Electors Qualified to Vote Thereat.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That Section ten (10) of the charter provisions of the City of Gainesville Florida, as contained in Chapter 5497, of an Act of the Legislature of the State of Florida, entitled: 'An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved May 9th, 1905, be, and the same is hereby amended to read as follows, viz:

"Sec 10—All ordinances adopted by the City Council and approved by the Mayor, or passed over his veto, shall be printed for distribution or published one time in a newspaper printed in the city, as the City Council shall determine and set forth in the ordinance, such publication or printing being made immediately upon such adoption and approval."

Section 2—The Mayor of the City of Gainesville is hereby directed to issue his proclamation calling a Special Election to be held in said city, on the 9th day of October, 1906, to determine whether or not the ordinance to amend Section Ten of the charter provisions of said city as proposed by this ordinance shall be approved by the affirmative vote of a majority of all the electors qualified to vote at said election, or if a majority of all the qualified electors shall not have voted at said election, then by a majority of the votes cast upon said proposition. Said proclamation shall be published for the length of time and in the manner in which proclamations calling the general city elections of said city are published.

Section 3—That this ordinance shall be published in a newspaper printed in said city once each week for eight weeks next preceding said special election. That at said special election said ordinance shall be submitted to the electors qualified to vote at said election for their approval, that each qualified elector shall have an opportunity to vote for or against the approval of said ordinance, and each elector shall cast a paper ballot. Each elector desiring to vote for or against the approval of said ordinance shall vote a paper ballot containing the words: "FOR approval of ordinance as proposed amending Section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council," or "AGAINST approval of ordinance as proposed amending Section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council," and each of said ballots shall be counted as a ballot approving or disapproving, as the case may be, the adoption of said ordinance as proposed. The said special election shall be held, conducted and the returns thereof canvassed, in all other respects, as nearly as may be practicable, in compliance with the rules, regulations and ordinances governing and controlling the general city elections of said city.

Section 4—The City Council shall prepare and furnish all necessary blanks and ballots, and shall make all necessary preparation for said special election, and shall pay for the same out of the proper fund in the city treasury. The ballots to be used at said special election shall be substantially in the following form, viz:

Official Ballot, Special City Election, City of Gainesville, Florida, 9th day of October, 1906.

Make a cross (X) mark before the word "FOR" or the word "AGAINST" accordingly as you approve or disapprove of the adoption of the ordinance providing for the amendment of section 10 of the charter provisions of said city as therein proposed.

Vote for one:

FOR approval of ordinance as proposed amending section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council

AGAINST approval of ordinance as proposed amending section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council.

Section 5—That all ordinances or parts of ordinances in conflict with the provisions of this ordinance be and the same are hereby repealed.

Adopted in open session of the City Council by the affirmative vote of more than two-thirds of all members of said City Council on this 9th day of August, 1906. A. M. CUSHMAN.
President pro tem City Council City of Gainesville, Fla.

Attest:
J. M. DELL, City Clerk.

The above and foregoing ordinance is approved by me this 9th day of August, 1906. G. K. BROOME,
Acting Mayor of City Gainesville, Fla.

Mrs. E. T. Somerset and three children, who have been visiting at their old home, Summerville, S. C., are expected to arrive home today, when "Papa Somerset" will again be happy.

J. B. Douglass of Sampson City was here yesterday, having come to meet his family, who were just returning from their summer outing in South Carolina. Byers Douglass has also returned from Crystal River.

Attention is called to the extraordinary inducement offered in standard school books by The S. J. Thomas Company. This firm is now making a special reduction of fifteen per cent from the list price, which they claim is the cheapest they have ever been sold in this county.

As a dressing for sores, bruises and burns Chamberlain's Salve is all that can be desired. It is soothing and healing in its effect. It allays the pain of a burn almost instantly. This salve is also a certain cure for chapped hands and diseases of the skin. For sale by all druggists.

Council Commander Brooks of the Woodmen of the World requests The Sun to announce that all members of the order who expect to go to Archer Monday night are expected to be at the lodge room not later than 5 o'clock. The train leaves at 5:36 A "hot old time" is anticipated at Archer.

Mrs. E. L. Evans of Fort Myers, an accomplished instructor of vocal and instrumental music, is in the city and will remain during the winter, her son being a student in the University. Mrs. Evans has rooms at the residence of Dr. J. H. Hodges and will take a limited number of pupils in vocal and instrumental music, using the Mason system of touch and technic. In this connection Phillip Isaacs, editor of The Fort Myers Press and county judge of Lee county, in a personal letter to the editor of The Sun, recommends Mrs. Evans in the highest terms and says she has been very successful as a musical instructor. She is a daughter of Captain F. A. Hendry, for years a member of the Legislature from Lee county and well known to the old residents of this section.
